

In the aftermath of flooding caused by Hurricane Irma, the FDLRS Galaxy Team has been relocated to two different school sites in St. Lucie County. The Director, Support Staff and Child Find are located at Dan McCarty Middle School, and the HRD/Technology/FIN Consultants were placed at Windmill Point Elementary. The Child Find Consultant that serves Martin County (Viany Adache) was not affected, and remains at the Port Salerno Learning Center, and still travels to Okeechobee and Indian River Counties for screenings.
